### Rumors Of Closing Are Pure Fiction; May Continue Year

### No Authority For Reports Of Hospital Closing, Says The Commanding Officer

So many reports have been circulated of late regarding the early closing of this hospital and so many staff officers have been erroneously quoted in support of the reports, that Colonel Ford, the Commanding Officer, has seen fit to delegate OVER HERE to make a general denial in the hope that it will settle the disquieting reports.

The Commanding Officer states that there is absolutely no basis for the numerous rumors which have set the closing day of this hospital for various dates within the next few weeks. He also stated that as soon as any official communication is received on this subject, it will be published.

In direct contradiction to all the recent rumors, is the latest official communication received from the Surgeon General's Office and relating to the continuation of the hospital. It was dated July 31st and said that this hospital "likely would continue for one year or longer."

### FAREWELL TO MISS SWENSON.

A farewell party in honor of Miss Josephine M. Swenson, Chief Nurse, was held in the Nurses' Recreation Club on the evening of August 28th, practically all of the residents of Nurses' Quarters being in attendance. Coffee was served, and toward the close of the reception a beautiful copper tray was presented to Miss Swenson.

Miss Swendon is about to sever her relations with the hospital and will become inspector of a large number of New Jersey hospitals which are to carry on reconstruction work under the guidance of the State Commission recently appointed.

### GOOD NEWS.

Siff Bros., 71 Fifth avenue, New York, have announced through Mr. Siegel, of the Jewish Welfare Board, that any man who is discharged from the service may go to their place of business and buy his clothes at wholesale prices. See the J. W. Bman and he will give you a card which will entitle you to the difference in price.

Miss Genevieve McCaffrey has returned from a furlough spent in Maryland.

PIONEERS OF THE SURGICAL STAFF

CAPT. ALBERT J. TREICHLER CAPT. ELMER P. WEIGEL LT. COL. FRED H. ALBEE

-Photo by Corporal E. A. Dahlheimer.

These three officers are the only ones who were on the Surgical Staff when the hospital opened and who still are here. Colonel Albee is Chief of the Surgical Staff; Captain Weigel is Executive Officer and Assistant to the Orthopedic Surgeon; Captain

Treichler is in charge of Ward 5, where he is in charge of most of the bone-graft cases before and after the operations. He is the oldest ward surgeon, in point of service, having been in charge of Ward 5 since it was opened.

### Regular Exercise Ordered For All Officers Of Army

The following Hospital Order, calling attention to Par. 22, Compilation of Orders, Circulars and Bulletins, has been published:

"For all officers below the grade of brigadier general, except those actually attending drills and other instruction with troops, duties will be so arranged that all officers will have one-half day a week, in addition to Sundays and holidays, to be devoted to physical exercise.

"All such officers are required to avail themselves of this one-half day each week, exclusive of Sundays and holidays, for physical exercise, and each officer, unless excused for physical disability, will then engage for a period of not less than two consecutive hours in one or a combination of the following forms of exercise which most appeal to him: Walking, swimming, tennis, golf, baseball, rowing, medicine ball, handball, football, basketball, la crosse, boxing, fencing, wrestling, track events, horseback riding, bicycle rid-

ing, physical exercise without apparatus similar to the Swedish exercises with gymnasium apparatus.

"Each officer coming under the provisions of this paragraph will be required at the end of each month to sign a certificate to his immediate commanding officer to the following effect: 'I certify that during the past month I have taken the exercises as prescribed in paragraph 22, C. of O., C. and B., 1881-1915, as amended."

### ARRIVAL OF MISS KIRK.

The newest recruit to the personnel of General Hospital No. 3 is receiving so much care and such gentle attention that she is sure to like army life. She is Anne Duryea Kirk, daughter of Lt. Col. and Mrs. Norman Thomas Kirk, and was born Thursday, August 28. Colonel Kirk is Chief of the Amputation Service and First Assistant to the Chief of the Surgical Service.

Mrs. Kirk and daughter are occupying rooms in Officers' Ward where both are doing well. Colonel and Mrs. Kirk are receiving the felicitations of their friends, while the baby is attracting many visitors during its waking hours.

## Weather Man Kind To Labor Day Meet; Program Enjoyed

### Officers, Patients, Nurses and Aides Take Part In Many Events

The third of the series of Field Meets, held Labor Day under the auspices of the Red Cross, proved to be the most successful of all such entertainments undertaken at this post.

During the early hours of the morning it was anything but promising. Rain had fallen during the night and there was every indication that a disagreeable day was to follow. Cloudy weather, however, had no effect upon Philip Heusel and his associates in charge of the Meet, and at eight o'clock they were preparing to descend upon the athletic field just as though they had been given assurance that it was to be a beautiful day. Their optimism was rewarded, for by ten o'clock the skies were clearing and the weather had become favorable.

While large numbers of patients and hospital workers were absent from the post the crowd on the athletic field was more than satisfactory to those who had worked so hard in arranging the program. As in the two previous Meets provision had been made for giving opportunity to all at the post to show their athletic skill. There were special events for patients who are convalescing, there were special numbers for staff officers, corpsmen, aides and nurses. Prizes were donated by the Red Cross. In team events the winners received team prizes. In other events the first prize was \$3 worth of canteen checks: second prize, \$2 in checks; third prize, \$1 in checks.

Winners in the various events of the Field Day Meet follow:

The specialty numbers held during the noon hour produced comedy enough to make the day a great success. One of the interesting events was a pie eating contest in which eighteen men entered. The men knelt beside a table upon which the pies had been placed and started eating without the aid of their hands. The pies were made of berries, black and juicy and by the time the various entrants had made their second dive into the pies, their respective faces were well marked. Pvt. John Appolonia, of Officers' Quarters, was declared the champion and received the \$5 prize.

The other specialty number was a milk drinking contest in which nursing bottles were used. Johnston, of Ward 29, won from the twenty entrants.

The day was enlivened by the presence of the 70-piece Tabs Band of Elizabeth. This organization is composed of drummers, fifers and buglers. They were transported to the hospital by the Motor Corps of America and were fed at the Patients' mess.

The thanks of the hospital are due to Mr. Heusel and his associates for the successful manner in which they handled the preliminiary arrangements and the Meet itself. Through the Laber Day program they have added to the splendid reputation already enjoyed by General Hospital No. 3 for interesting entertainment.

A new book by Lt. Col. Fred H. Albee, Chief of the Surgical Staff, has just been issued by W. B. Saunders Company, of Philadelphia and London. It is called "Orthopedic and Reconstruction Surgery" and applies to industrial and civilian affairs, particularly. Among the various chapters in the book are those dealing with tuberculosis and infections of the bones and joints; affections and deformities of the spine; infantile paralysis; deformities of the ankle plaster-of-Paris technic, and military and industrial reconstruction surgery. The book contains 804 illustrations.

### Baseball

Pond Co., 1; Colonia, 0.

In the second game of the series August 28, 1919, between the Hospital nine and the team representing the Pond Works of Plainfield, the latter won by the score of 1 to 0, thus evening up the series. It was the closest and most interesting game seen on the local diamond this season, and everybody is looking forward to the next meeting between these two nines.

Neither nine scored for the first eight innings. In the first half of the ninth, Brennan tripled to right center, and started home when the next batter grounded to short. Ward's throw beat him to the plate, and he started to return to third. Several players tried to run him down, but he reached the plate when Hefner dropped the ball.

Both twirlers pitched remarkable ball, pulling themselves out of several tight holes. It looked as if the game would go into extra innings. In the last of the ninth, the boys tried their best to even up the score. Fetty managed to reach third, but died there.

### Colonia, 6; Michelin Tire Co., 5.

By proving themselves the best mud horses, the Hospital nine won a ten inning contest from the Michelin Tire Co. team by the score of 6 to 5, August 5, 1919. This was the second game played between these two nines, the Hospital nine also winning the first contest by one lone score.

A 35-piece band from the Michelin Tire Works entertained the crowd throughout the game with music. Two hundred rooters, over half of whom were of the fair sex, accompanied the opposing nine to Colonia, and throughout the contest their cheers were very much in evidence. ### Colonia, 7; Paterson, 2.

A team picked from the fire fighters of Paterson journeyed to Colonia Sunday afternoon to engage the Hospital nine in a ball game, and were sent trudging back with a 7 to 2 defeat hanging on their shoulders.

There was not much interest in the game. Everybody with the exception of Petronis got at least one hit, and a couple of poor plays was the only thing that prevented the score from being larger than what it was.

A few of the opposing nine were old timers, but they put up a fairly good game, everything considered. Colonia . . . . . . 0 1 1 1 3 1 0 0x—7 Paterson . . . . . . 0 0 0 0 2 0 0 0 0—2

The Red Cross instituted a pleasant custom on Sunday afternoon when the first tea party was given in the Red Cross House. The hour of service was from 3:30 to 5:00, and because of the success which attended the first function, it is planned to continue them every Sunday afternoon. A small serving table was placed in one corner of the auditorium and from this point the patients and their guests were served. The service was in charge of Mrs. Eleanor C. Prime, Miss Edna C. Winslow and Miss Lois B. Smith.

Capt. William N. Mansfield has returned from a vacation spent at Putnam, Connecticut.

Thursday night's entertainment at the Red Cross consisted of the following acts: Melnotte & Leedom, in "Songs and All That Goes With It;" Jesse Carson, in an acrobatic specialty; Herman & Adele, in comedy magic; Miss Lillian Young, a dainty singing comedienne; Harvey & Moore, in a comedy singing and talking turn; Lucie Bruch, violin virtuoso; Bob Tenney & Co., in mirth and melody, and last, Miss Helen Vincent, a singing comedienne.

The Labor Day program offered Eddie Clark, tramp juggler; Frieda Held, singer; Laselle & Loretta, "My Father In Italy;" Billy Lang, singer and dancer; Conde & Nevins, harmonies; Nat Farnum & Company, in "Office Hours;" Sue Talmadge, in a piano act.

Editor, "Over Here,"

Sir: Before my departure from the Hospital, occasioned by my resignation from the Jewish Welfare Board, I wish, through the columns of your paper, to make acknowledgment of my appreciation of the assistance which has made my stay here so pleasant. The co-operation of all with whom the work of the Jewish Welfare Board has brought me in contact, has been so pronounced and so beneficial that I must consider it a revelation of the possibilities of teamwork and unselfish interest.

It is but fitting that I make acknowledgment, and I do so with the keenest pleasure, of the kindness and consideration accorded me by the staff of the Knights of Columbus, in whose building the Jewish Welfare Board has housed its activities. The unfailing courtesy of these gentlemen will remain with me as a pleasant memory of our association.

To those in whose company and for whom it has been my pleasure to work, I desire to express my hope that they will carry back with them into civil life the consciousness of a duty well performed, as men and as American soldiers.

WM. SIEGEL.

Wednesday night at the K. of C. was devoted to vaudeville, one of the big shows from the K. of C. Entertaining Bureau in New York featuring the bill. The Actors' strike is not without its good effects for the men in service, because it allows leading theatrical people to do entertaining for the benefit of the boys that has previously been impossible as their time and contracts would not permit same. The bill was headed by Miss Sybilla Boyham, the premier dancing star of the "Glorianna" Co.. and she was supported by a galaxy of stars of high calibre.

Friday night, a double attraction was offered, as another vaudeville performance was presented, followed by a dance by ladies from Jersey City, and the twin bill was hugely enjoyed.

Sunday, Motion Pictures prevailed, showing Mitchell Lewis in a six-reel production, "Children of Banishment," and two side-splitting reels of an "L K O" Comedy.

At the Field Day, the K. of C. repeated its previous donations of cigarettes and candy, 3,500 packs of cigarettes and 2,000 packages of candy being distributed.

Tuesday night, Jimmie Trywford, a K. of C. Overseas Secretary, who was an Athletic Director in France, brought his Flying Squadron out to the Post and the bouts were held on the Athletic Field. Young Mundy and Jimmie Condos gave an exhibition of wrestling that has seldom been equaled here.

### PEACE PROGRAM OF THE RED CROSS.

Following the announcement of the Third Red Cross Roll Call, to be held November 2nd to 11th, the first anniversary of Armistice Day, when the American people will be asked to renew their membership for 1920 and contribute \$15,000,000 for the future work of the organization, an outline of the peace-time program of the American Red Cross has been made public.

Foremost will be nation-wide activity for the promotion of public health and hand-inhand with this crusade will go a vigorous campaign for the extension of the country's nursing resources; the broadening of the Red Cross Home Service, which in the war proved so helpful through the assistance it was able to give the families of soldiers and sailors, to be of general usefulness where other social agencies are lacking; greatly increased Junior Red Cross activities; extension of Red Cross facilities for emergency disaster relief; completion of relief measures for the victims of the war in this country and overseas, and preparation to fulfill whatever duties may be laid upon it as the official volunteer relief society authorized to assist the Army and Navy

The plan of the Red Cross public health campaign calls for co-operation with other existing health promotion and disease prevention organizations throughout the United States, acting by itself where no health agency now exists, in an effort to reduce the high mortality due to preventable disease and to improve general health conditions.

As always in its long history of general usefulness, the Red Cross must hold itself ready for instant relief service in time of public disaster, such as great fires, floods, cyclones, shipwrecks, earthquakes, pestilence, famine and epidemics. Experience in the war and the great organization built up through that emergency will with quickly available funds make this branch of Red Cross activity

more effective than ever before.

The Junior Red Cross, with its millions of members in the schools, public and private, throughout the United States, has laid plans calling for \$500,000 for relief work abroad, this amount constituting 60 per cent. of the money the Juniors raise, the remainder to be used for local relief in co-operation with Home Service. It is also planned to have the junior members supplement and assist in the work of the national organization wherever possible, with especial regard to the needs of children.

The turning over to the American Red Cross of the surplus medical and surgical supplies and supplementary food stores of the American Army abroad for distribution among the still suffering native populations, together with the foreign relief programs still being carried out largely in Poland, the Balkans and Siberia, necessitates the continuance of Red Cross operations overseas. This entails the maintenance of medical, nursing and general relief units and the establishing under American standards of training schools, the graduates of which will be able to carry to fruition the humanitarian efforts the American Red Cross initiated in war-stricken lands. The distribution of food and clothing among penniless returning refugees also cannot be completed until well into the future.

The American Red Cross by its Congressional charter is committed to assist the Army and Navy whenever called upon, and while the extent of this service will depend upon the future military policy Congress determines, it will undoubtedly be greater than heretofore, in proportion to the increases in the standing Army and Navy Congress authorizes.

Whatever the demands, the Red Cross must be prepared to meet them. Until demobilization is completed, and after, the Red Crossmilitary relief organization will continue to function. Thirty thousand service men still in the military hospitals, many crippled for life, require Red Cross attention. Hospital, canteen and motor service must continue. The fifty base hospitals organized by the Red Cross before the United States entered the war and turned over to the Army during hostlities, are back from the field and must be reorganized and held ready for any call, civil or military.

Completion of Red Cross work for the soldiers disabled in the fighting, and general assistance to the fighting men in getting back to civil life, is still far off, particularly in the many and varied phases of Home Service. Thousands of families of service men are still being helped solve their problems by this Red Cross activity, and money relief in this connection alone is in excess of \$500,000 a month.

### THE NEED OF GOOD SPIRIT.

There is no criticism of the Bureau of War Risk Insurance; there is no criticism of the Vocational Board; there is no criticism of

the Medical Corps or any other branch of the service. We have all done nobly, generously giving the best we are capable of. Lay aside all criticism, therefore—be not destructive but help to construct. Let us, at once, do about face, and be constructive. Stop all complaint of Insurance, Compensation, or Vocational Board Work. Illegitimate misplaced criticism is harmful. We must help ourselves. To help ourselves, we must help others. The men at the head of the various organizations directly affecting the soldiers are doing all in their power to help you. Our continual complaint is destroying their good efforts. These men have an enormous task; let us help them. Stop promiscuous criticism.

We should all be fully aware of the danger of hasty legislatio. Constantly the lamented fact is flung before us. The various bureaus functioning with the wounded men are not at fault. They are carrying out faulty legislation. Knowing this to be a fact, can we consistently demand haste from a body of men who must continually seek to benefit the greater number? The faults of the present hasty legislation are so glaring, we should gladly welcome the slow, deliberate, thorough action of our great governing body, our Congress.

Attention! About face! Now boost—boost the Vocational Board, boost the Bureau of War Risk Insurance. Be constructive and in boosting what good is here for us now, we shall boost Congress, and Congress wants our boost and our help. Give it to them. When we boost the Government, we are boosting ourselves, and we are now and shall be for some generations the biggest factor in our own government.
